Initial Here _____

1. Vendor spaces are restricted to 10'x10' stalls. All tables, chairs, power supplies etc. shall be provided by the vendor and be maintained within the 10'x10' space. Tents and weights are subject to inspection. Vendor spaces may not be shared without prior approval of WMS which does include a small, split vendor fee.
2. WMS is not responsible for any damage to your booth or merchandise. But we do care about our vendors and their products and want you to take all possible precautions if wind or other weather occurs.

3. Vendors are responsible for their own booth setup and take down, which must comply with provided guidelines and safety standards. WMS asks that you drive in, drop supplies and remove your car BEFORE starting any setup. Space is limited and other vendors need to bring in their cars to unload. Be quick and courteous, to allow other vendors access to their space.
4. Allow yourself ample time for arrival and setup. Drive slowly and cautiously inside the market area at all times. If you are late you may be directed to an alternate location than your originally assigned booth, or you may not be able to participate, surrendering your fees.
5. You are prohibited from beginning breakdown before 7pm. Doing so may result in removal from future events.
6. WMS will do our best to secure one usable parking space per vendor but cannot guarantee more than one. The site has a designated area for vendors to park.
7. Solar or battery powered table lighting is encouraged. No electricity will be provided. Power packs and batteries are welcome. No gas generators are allowed except for food vendors, and even those must be of the quiet whisper type placed behind and away from market patrons. We have found through experience that a well lit display results in better sales.
8. Candles and any flammable sources of light are strictly prohibited at all times.
9. Booth assignments are at the discretion of WMS and are subject to change when deemed necessary. We will do our best to spread out "like" or similar vendors
10. Vendors must adhere to all local, state, and federal laws and regulations. Vendors are subject to inspection by the Department of Environmental Health and our local Fire Marshall. Routine inspection of food vendors will be done on a quarterly basis.
11. Vendors are responsible for all sales transactions, including taxes, fees and permits.
12. Vendor fee payment is expected by one full calendar week previous to the event, along with your approved application to secure your participation. You may pay through Zelle, PayPal or Venmo. Checks are not allowed. Cash is accepted in certain cases if previous arrangements have been made in advance with WMS. If you need to be a cash vendor please email info@wildomarketspace.org
13. If you cancel a reservation, it must be done by 5pm by the Friday before market day. Prepaid fees will not be refunded but used as a credit for your next approved market date. A "no show" after obtaining a space without letting WMS know will result in you being placed back on the wait list for available space for the next desired date.
14. If you have not paid in advance by the specified time, your space will be automatically canceled and offered to the next vendor on the list.
15. All trash created by display or sales must be removed at the end of the night and not left for WMS staff or city services for disposal. Bring your own containers or trash bags for removal and take them with you when you leave. There will be trash receptacles for the event but these are solely for event patrons.
16. Pick up zip ties, and remove any grease stains from asphalt or concrete. Prevention with tarps is much easier, and recommended. If cleanup is required by the City or WMS staff, you will be held responsible for the expense.
17. WMS reserves the right to amend these terms and conditions at any time. Vendors will be notified accordingly.
18. WMS reserves the right to terminate the vendor agreement for violations of these terms or any disruptive behavior, without refund.
19. WMS does try to limit same type vendors, but we do not guarantee you an exclusive sales opportunity. A little competition is healthy, and there will probably be others offering the same or like items. We ask that you refrain for any negative commentary against other like vendors.
20. Vendor priority is first and foremost given to Wildomar based vendors for each category.
21. Market and promotion of the events will be provided by both WMS but we do ask that Vendors make at least one post per event they participate in. Please be sure you are following our social media accounts!
22. Vendors understand and agree that their product, booth and images will be photographed and used as content to promote events on social media and related websites. If you would like a special highlight of your business to be featured, you are responsible for the content you

provide and we will post your content for a small fee of \$25 on our social media and web pages. Please understand we cannot promise followers or “likes”. For more information please email us at info@wildomarketspace.org subject lined “Vendor Highlight”.
